

Croydon LN-1

Regional Edge Data Centre

Croydon LN-1

Regional Edge Data Centre

CROYDON LN-1 DATA SHEET

Located just 20 miles from London Gatwick Airport, our Croydon facility is the perfect colocation solution for those looking for diverse connectivity to Central London and the surrounding Southern tech space. Easily accessible via the M23 motorway, it is just 20 minutes away from the City of London offering up to 15kW high density racks.

Pulsant has a significant footprint of 5 colocation facilities spread across the South of England providing connectivity to over 25,000 tech companies based in Central London. This region is the most densely populated in the UK and houses the 'M4 Corridor' which has grown into a technology hub for a large number of digital organisations.

Pulsant's national colocation footprint enables you to expand your reach geographically with access to an ecosystem of over 500 clients, partners and service providers. Connected by a private, high speed network, Our data centres deliver ultimate flexibility in cost, scalability and performance. Colocating with Pulsant enables businesses to deploy infrastructure at the network edge.
