Regional Edge Data Centre

MAIDENHEAD SE-2 DATA SHEET

Located to the West of London, our Maidenhead facility is perfectly located for connecting your business into the city. Less than 5 miles from the Slough Data Centre Hub, it offers great transport routes located just off the M4 motorway and connected by rail to London City Centre via the Elizabeth Line.

Pulsant has a significant footprint of 5 colocation facilities spread across the South of England providing connectivity to over 25,000 tech companies based in Central London. This region is the most densely populated in the UK and houses the 'M4 Corridor' which has grown into a technology hub for a large number of digital organisations.

Pulsant's national colocation footprint enables you to expand your reach geographically with access to an ecosystem of over 500 clients, partners and service providers. Connected by a private, high speed network, Our data centres deliver ultimate flexibility in cost, scalability and performance. Colocating with Pulsant enables businesses to deploy infrastructure at the network edge.
