Regional Edge Data Centre

MANCHESTER NW-1 DATA SHEET

Located in the technology purpose-built Trafford Park, Manchester NW-1 is near the thriving heart of the Northern Tech Hub. Easily accessible from the ring road and M60 motorway, our strategically placed data centre puts you on the edge of the UK's second-largest city, surrounded by hundreds of digital and tech organisations.

With a population of over 14 million, the North of England plays a vital role in the UK economy. Large reserves of available renewable power and increasing connectivity to destinations worldwide have developed the region into a centre for technology, innovation and services. Pulsant has a large footprint in the North, featuring four data centres spread between Newcastle, Manchester and Rotherham.

Pulsant's national colocation footprint enables you to expand your reach geographically with access to an ecosystem of over 500 clients, partners and service providers. Connected by a private, high-speed network, Our data centres deliver ultimate flexibility in cost, scalability and performance. Colocating with Pulsant enables businesses to deploy infrastructure at the network edge.
