Regional Edge Data Centre

MILTON KEYNES SE-1 DATA SHEET

Our enterprise-class colocation facility in Milton Keynes meets the highest security standards. Easily accessible from the M1 motorway this site is ideal for those travelling from London and surrounding cities. This datacentre hosts an array of carriers providing organisations with a multitude of connectivity options as well as a Megaport point-of-presence to connect to hundreds of cloud providers.

Pulsant has a significant footprint of 5 colocation facilities spread across the South of England providing connectivity to over 25,000 tech companies based in Central London. This region is the most densely populated in the UK and houses the 'M4 Corridor' which has grown into a technology hub for a large number of digital organisations.

Pulsant's national colocation footprint enables you to expand your reach geographically with access to an ecosystem of over 500 clients, partners and service providers. Connected by a private, high speed network, Our data centres deliver ultimate flexibility in cost, scalability and performance. Colocating with Pulsant enables businesses to deploy infrastructure at the network edge.
